

# X-MAP04

## Digital Multi-audio Player

- Integrated with DVD player, USB and SD interface. Support Mp3 file, FM/AM tuner.
- Two independent DVD/USB/SD and FM/AM lines output; Can play music and applications at two zones at the same time. Mix audio RCA output.
- Two line outputs with independent volume control.
- Support CD, DVD videos and JPEG.
- RMVB 720P format decoding and CVBS
- Support USB 2.0 high speed, SD Cards.
- Rs485 remote control interface.

### Technical Specifications

Parameter	Value
Power voltage	~ 230V 50/60Hz
Power consumption	< 13W
Input	FM75Ω antenna terminal USB port, SD port
Output	Stereo RCA output FM/AM tuner: 775mV; Stereo RCA output DVD/USB/SD:7750mV; Mixed sound RCA output: 775mV
Channel	3
Dimensions (W x H x D)	482×44×252 mm
Package Dimensions (W x H x D)	576×142×351 mm

#### DVD / CD Audio

Analog output	2.0±0.2V
Audio Frequency response	±3dB
Distortion	0.05%
SNR	≥80 dB
Channel separation	≥75 dB

#### Video

Video output level	Composite video output: 1.0±0.2
Vp-p(V)	Horizontal sync: 0.3±0.0
Horizontal definition	VCD: ≥250
AV output	SVCD: ≥320 DVD: ≥450

#### FM/AM

Band frequency range	FM : 87.5MHz ~ 108MHz AM : 531KHz ~ 1710KHz
Antenna input impedance	FM:75Ω
